

Eli's Village™

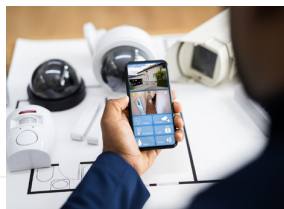

Protecting Your Safety and Autonomy

Wintergreen offers the opportunity to live in a peaceful and engaging community. Eli's Village enhances that experience by offering solutions to ensure safe living through careful planning and assessment, the addition of non-invasive home monitoring and alert systems, and support identification and service coordination. We help families stay in their homes as they age.

1 Assessing your safety and wellness needs in the home

2 Implementing key supports and services in a non-invasive manner

3 Regularly reviewing and adjusting services and supports as your needs change
